### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Executive Order N-33-20**

On 03/19/20, the California State Public Health Officer and Director of the California Department of Public Health ordered all individuals living in the State of California to stay home or at their place of residence, except as needed to maintain Continuity of Operations of the Federal critical infrastructure sectors.

- **Global Health Advisory**

On 03/19/20, the U.S. Department of State issued a Global Health Advisory at Level 4 (Do Not Travel) due to the global impact of COVID-19.

### **Active Weather Warnings, Watches and Advisories by County:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# WEATHER KEY POINTS

**10/22/20 - 10/28/20**

## Thursday-Friday

- Critical fire weather conditions continue for much of northern California through Friday afternoon
  - Strongest wind gusts up to 40 mph expected this afternoon and evening but remaining gusty on Friday
  - Very low humidity also expected
  - Any new fires could spread quickly under these conditions
- Cooler temperatures for much of the state Friday

## Saturday-Wednesday

- Much cooler temperatures for the weekend into early next week, including southern California
- **Widespread strong wind event increasingly likely across northern California Sunday into Monday, lingering into Tuesday**
  - **Critical fire weather conditions could quickly develop**
  - **Wind gusts of 50-60+ mph likely**
  - **Strongest winds expected along the western slopes of the Sierra**
- Moderately strong Santa Ana winds also expected across southern California Monday and Tuesday, but not as strong as those across the north
- Some light rain is possible across portions of southern California and into the Sierra by late in the weekend or early next week

**Note:** The strongest winds of the season so far are expected for the west slopes of the northern and Central Sierras Sunday afternoon through early Tuesday, with gusts of 40 to 50 mph in the northern CA valleys and gusts of 60+ mph in the mountains and favored gaps and canyons. The weather setup will favor rapid spread of any new fires.
